ANNUAL REVIEW OF DRIVING RECORD
391.25

Name (Last, First, M.I) (Soc. Sec. No.)

This day I reviewed the driving record of the above named driver in accordance with 391.25 of the Federal Motor Carrier Safety Regulations. I considered any evidence that the driver has violated applicable provisions of the Federal Motor Carrier Safety Regulations and the Hazardous Materials Regulations. I considered the driver's accident record and any evidence that he/she violated laws governing the operation of motor vehicles, and gave great weight to violations, such as speeding, reckless driving and operation while under the influence of alcohol or drugs, that indicate that the driver has exhibited a disregard for the safety of the public. Having done the above, I find that:

- the driver meets the minimum requirements for safe driving, or
- the driver is disqualified to drive a motor vehicle pursuant to 391.15

APPLICANT NOTIFICATION

As an applicant for a DOT safety-sensitive position, you are required to submit to a federal pre-employment drug test. ***Please be advised that this job offer is contingent upon a negative drug test result.*** The Employer may require that you submit to a federal alcohol test as well (as allowed by DOT regulations).

Prior to taking this pre-employment drug test (and alcohol test, if applicable) for this employer it is important that you are aware of DOT consequences if you have a non-negative test result. You would not be allowed to perform safety-sensitive functions (drive) for this employer or any other employer who wished to use you in a safety-sensitive position until you have successfully complied with the requirements of the return-to-duty process.

When going for the pre-employment test(s) it is important that you follow the directions given by the collector/technician and that you cooperate with the collection/testing process.

IMPORTANT NOTE: The DOT consequences do not apply if you do not go for the pre-employment testing, or if you leave the testing site before the actual collection process begins. A collection ***begins*** when either the collector or donor selects a specimen kit. As an applicant, you need to be aware that the confidential information that you disclose to the MRO can be released without your consent to the Employer.

I have read the above noted notification and understand the consequences of testing positive on either a pre-employment drug screen or alcohol test (if applicable).
